

Exercise 1 - Gen AI Workshop.

Getting started with using Agentic Browsers!

GETTING STARTED

Download Comet Browser:

👉 <https://outskill.link/perplexity-comet>

Setup Steps:

1. Click the link above to download Comet
 2. Install Comet browser on your system
 3. Allow Comet to sync in & import details from your Chrome/other browsers
 4. Set Comet as your default browser (recommended)
 5. Complete the 5 activities below at your own pace
 6. Explore and discover what's possible!
-

ACTIVITY 1: Inbox Triage Agent

🕒 **Estimated Time:** 3-5 minutes

What it does: Analyzes your emails and prioritizes what matters

Your Prompt:

Go to my Gmail inbox. Review my last 20 unread emails and create a prioritized list of:

1. Top 3 emails I need to respond to urgently with a 1-line reason why
2. 5 emails I can archive or delete
3. Any emails with action items, deadlines, or calendar events I should note

💡 **What to notice:** How Comet navigates your inbox and synthesizes information

PS : You need to login to your Gmail/Inbox on Comet for it to accomplish this.

ACTIVITY 2: Block Your Day 2 Calendar

 **Estimated Time: 2-3 minutes**

What it does: Automatically blocks your calendar for tomorrow's mastermind session

Your Prompt:

Go to my Google Calendar and block my calendar from 10:00 AM IST to 7:00 PM IST tomorrow to attend Day 2 of the Generative AI Mastermind.

Event details:

- Title: Generative AI Mastermind Day 2
- Time: 10:00 AM to 7:00 PM IST
- Add a 15-minute reminder

 **What to notice:** How Comet interacts with your calendar like a personal assistant

PS : You need to login to your Google Calendar on Comet for it to accomplish this.

ACTIVITY 3: Share Your Mastermind Journey on LinkedIn

 **Estimated Time: 3-4 minutes**

What it does: Writes a LinkedIn post about your learning experience

Your Prompt:

Write a LinkedIn post about my experience spending 16 hours during the weekend to learn Generative AI. I'm 4 hours in and already mind blown with the potential of AI. Make it authentic, inspirational, and under 200 words. Include:

- A hook that captures the feeling of discovery
- 1-2 specific insights that surprised me
- A reflection on why this matters for my career/future
- 3 relevant hashtags

Use a conversational, genuine tone - not corporate.

Wait for the response, then show me the result.

 **What to notice:** How Comet can work across different AI platforms seamlessly

ACTIVITY 4: Social Proof Scout

🕒 **Estimated Time:** 5-7 minutes

What it does: Navigates LinkedIn and extracts trending content data for you

Your Prompt:

Go to LinkedIn and find 3 posts from the last week about AI agents or agentic AI. For each post, tell me:

- The author's name and headline
- The post's main point (1 sentence)
- Engagement metrics (likes, comments)
- One key insight or takeaway

Then identify which post performed best and explain why you think it resonated.

💡 **What to notice:** How Comet navigates, extracts, and analyzes data from social platforms

PS : You need to login to your Google Calendar on Comet for it to accomplish this.

ACTIVITY 5: Meeting Prep Assembler

🕒 **Estimated Time:** 5-8 minutes

What it does: Researches across multiple platforms and creates a meeting brief

Your Prompt:

I have a meeting with Outskill this week. Go to their LinkedIn profile, visit their company website, and search for any recent news about them from the past 3 months.

Create a meeting prep brief with:

1. Key information about them (role, background, company)
2. Recent developments, news, or achievements
3. Three thoughtful conversation starters or questions I should ask
4. Any common connections or interests we might share

💡 **What to notice:** How Comet synthesizes information from multiple sources into actionable insights

BONUS: Create Your Own Use Case

Now that you've seen what Comet can do, think about your own workflow:

What's one tedious task you do regularly that Comet could handle?

Try writing your own prompt and see what happens!

Example ideas:

- Research competitors in your industry
 - Summarize long articles or reports
 - Draft email responses
 - Schedule social media posts
 - Organize project information
-

SHARE YOUR FEEDBACK

We'd love to hear about your experience!

Please fill out this quick feedback form:

 <https://forms.gle/u61uV4GrAhgE13ih6>

We're asking about:

- What stood out to you while using Comet
 - Your feedback from Session 1
 - Your experience with these activities
-
